Joint Marketing + Partner Development

Saab Australia/UniSA launch new Institute for Defence Technologies

“We’ve found the enthusiasm brought by the interns has reinvigorated project teams”

Craig Kemp – DXC Adelaide Applications Delivery Center Leader

“Having a program which is tailored to ICT professionals means the interns hit the ground running”

“Their major project allows our leaders to target specific areas for improvement and we have almost had a 100% success rate of placing into permanent roles

Dan O’Connell – DXC ANZ Government Delivery Manager

“We have had an extremely good experience with the internship program, whereby they brought vibrancy to our team culture and new ideas to the table”

“They amazed everyone around them with their technical abilities and became productive and billable to our customer in a matter of a few weeks”

Sheree Trafela – DXC Delivery Manager, ITO Project Delivery

Bringing value through education partnerships
